SEMINAR REPORT

A Seminar in the department of the Chemistry was held on 15.02.25 at about 12:00pm among the students and faculty members.

The topic of the seminar was decided as "Inorganic polymers". The topic was represented by Shubhanshu Puri and Josada Majhi a student of 1st sem under the guidance of Mrs. Kusum Buri, H.O.D. of chemistry.

Student explained about "Inorganic polymers" their characteristics properties types, with examples of different inorganic polymer. Applications advantages and disadvantages.

At the end of the seminar questionnaire was held. All the students were asked to participate in questions answer session regarding the relevance.

The seminar was ended with a vote of thanks by seminar secretary.

Following students and teaching staffs were present in the seminar meeting and appreciated work.
