ICT MODE OF TEACHING AND LEARNING

SARBATI DEVI WOMEN'S COLLEGE, RAJGANGPUR

The faculty members of SD Women's College use the IT enabled learning tools such as PPT, Video clippings, Audio system, online sources, to expose the students for advanced knowledge and practical learning. During Covid periods the online classes were carried on through Google meet, zoom, webex etc.

Use of ICT by Faculty-

Presentation Tools: Faculties are encouraged to use power-point presentations in their teaching by using LCD's and projectors. They are also equipped to use online search engines and websites to prepare effective presentations.

Multi-sensory Lecture delivery- Use of text, graphics, animation, sound and audio inputs in online classroom teaching

Representational Tools: Teaching complex information and critical thinking calls for the use of graphical representations like Contextual diagrams, Data flow diagram, flowcharts, story boards, etc. Mentors often inculcate these tools in their teaching activities.

Online Assessments- Faculties also prepare assessments for students after the completion of units using GOOGLE FORMS.

Online Platforms - Students attended the classes with the help of Zoom / Google meet applications. Faculty members are well trained to use these apps and effectively communicate during online course.

Video lecture- Video based learning provides better communication opportunity, allows for brainstorming concepts and ideas. Interactive video lecture links are provided to retain the learning. Students can easily able to access these links via Department whatsapp groups and email using their phones.

ICT facility has greatly enhanced the quality of teaching-learning process. Wi-Fi facility has been made available in the office area. The faculty members of SD Women's College use the IT enabled learning tools such as PPT, Video clippings, Audio system, online sources, to expose the students for advanced knowledge and practical learning. This sort of learning enables interactive learning. Teachers have been using this especially during online classes. Traditional modes of learning are incorporated along with ICT modes of learning like use of computers, internet. Multiple forms of multimedia are used to enhance the learning activity. Use of text, graphics, and animation, sound and audio inputs in online classroom teaching is also encouraged. Presentation Tools: Faculties and students are encouraged to use power-point presentations in their teaching by using projectors. They are also equipped to use online search engines and websites to learn effective presentations.
