

## 2.6. Student Performance and Learning Outcomes

2.6.1 - Program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed on website and communicated to teachers and students.

Sarbati Devi Women's College has only one programme i.e., B A (Pass & Hons) up to the session 2016-17 and it is reflected in the College Calendar which is published at the beginning of each session. It is provided to all the teachers and students in the Orientation Classes which are also held in the beginning of the session. A student after passing out of the College is always advised to go for higher education or for any professional course which will be beneficial to her in particular and the society in general.

### Mechanism of Communication

The College Calendar is the substantial and effective method of communication of all such rules and regulations and guidelines which is provided to teachers and students at the beginning of the session. Recently, our website is being developed to communicate everything relating to academic guidelines to all the stakeholders including teachers and students.
