

4.2.1 Library is automated using Integrated Library Management System (ILMS)

The College has a good library as per requirement only for the students of BA (Pass & Hons) up to 2016-17. However, with the introduction of Honours in remaining subjects of Arts stream and all subjects of Science stream from the session 2017-18, the College Library is to be upgraded with more books and the facility of automation. Steps are being taken for automation of the library and it will be completed before the end of this academic session. The library has a reading room and reprographic system to provide photocopies of essential / important portions to the students. The library has sufficient number of staff to implement the plans and programmes for the academic growth of the students.
